AGREEMENT

THIS AGREEMENT, made and entered into as of this 22nd day of July, 2020, effective as of July 22, 2020 except as otherwise noted, by and between THE VISITING NURSE ASSOCIATION OF GREATER PHILADELPHIA, hereinafter referred to as the “Agency” or “VNA”, its successors and assigns, and DISTRICT 1199C, NATIONAL UNION OF HOSPITAL AND HEALTH CARE EMPLOYEES, AFSCME, AFL-CIO with its offices at 1319 Locust Street, Philadelphia Pennsylvania 19107, hereinafter referred to as the “Union”, acting herein on behalf of the employees of the Agency as hereinafter defined, now employed and hereafter to be employed and collectively designated as “employees”.

PREAMBLE

WHEREAS, the Agency recognizes the Union as the collective bargaining representative for the employees covered by this Agreement as hereinafter provided, and

WHEREAS, it is the intent and purpose of the parties hereto that this Agreement promote and improve the mutual interest of the patients serviced by the Agency as well as the Agency’s employees, avoid interruptions to and interference with services rendered to patients, and set forth herein their agreement covering rates of pay, hours of work, and conditions of employment.

NOW THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

ARTICLE 1 - RECOGNITION AND DEFINITIONS

Section 1.1

The Agency recognizes the Union as the sole and exclusive representative for the purpose of collective bargaining in respect to rates of pay, hours of employment and other conditions of employment for the following professional employees:

community health nurses, social workers and occupational therapists as certified by the National Labor Relations Board in Case No. 4-RC-14777;

and the following non-professional employees:

All full-time and part-time non-professional employees working more than two (2) days per week including senior billing clerks, senior patient services clerks, data entry clerks, administrative services assistant, and senior home health aides as certified by the National Labor Relations Board in Case No. 4-RC-14776; and the following technical employees:

All full-time and part-time home health aides.

Section 1.2

Specifically excluded from and not covered by this Agreement are all supervisors, confidential, management and administrative employees, part-time employees working two (2) days or less per week, temporary employees, except as set forth in Section 1.9.

Section 1.3

When used in this Agreement, the term “employees” refers only to those employees described in Section 1.1.

Section 1.4

The Agency shall provide to the Union, and post at the Agency once each year, an updated seniority list for all bargaining unit employees. This list will be presented on June 1 for each contract year.

Section 1.5

At the time a new employee subject to this Agreement is hired, the Agency shall deliver to said employee a written notice that the Agency recognizes and is in contractual relations with the Union and quoting or paraphrasing the provisions of Articles 2 and 3 of this Agreement.

Section 1.6

Regular Employee: A regular employee is an employee who has completed his/her probationary period as defined in Section 1.10.

Section 1.7

Regular Full-Time Employee: A regular full-time employee is an employee who has completed his/her probationary period and who is regularly scheduled to perform work of at least 40 hours per week exclusive of meal periods.

Section 1.8

Regular Part-Time Employee: A regular part-time employee is an employee who has completed his/her probationary period and who is regularly scheduled to perform work more than two (2) days per week. A regular part-time employee shall receive fringe benefits and wage rates on a pro rata basis as set forth herein.

Section 1.9

Temporary Employee: A temporary employee is an employee who is hired for a specific position and for a specific period of time, not to exceed six (6) months, on either a full-time or part-time basis. This six-month period may be extended until the expiration of an extended leave if said temporary employee has been hired to replace an employee on extended leave. After the expiration of the initial three (3) month period, a temporary employee shall be eligible to earn

holiday pay and sick leave in accordance with the provisions of Articles 20 and 21 and shall be required to tender union dues or Agency fees in accordance with the provisions of Article 3.

Section 1.10

Probationary Employee: A professional employee will be regarded as probationary for the first four months of his/her employment or re-employment (if such reemployment occurs after a separation or leave without pay of more than twelve (12) months). Non-professional and technical employees will be regarded as probationary for the first three (3) months of their employment or re-employment. The probationary period may be extended for an additional period or periods not to exceed a total of thirty (30) days for all employees. Upon completion of his/her probationary period, an employee will be credited with seniority retroactive to the beginning of the probationary period. A probationary employee is subject to immediate dismissal and such dismissal will not be subject to grievance and/or arbitration. Each employee will receive at least one (1) written performance evaluation from his/her immediate supervisor by the end of the probationary period. A copy of said evaluation will be given to the probationary employee's Department Head. The employee will be given a copy of said evaluation. Based on this evaluation and other information known to the employee's supervisor, Department Head or the President, the employee will be informed by the Department Head or his/her designee that he/she has been awarded regular status, that his/her probationary period has been extended, or that he/she is dismissed. Such decision will be made on or before the conclusion of the probationary period and will be final and binding. In the event that a probationary employee is terminated prior to receipt of a written performance evaluation, the Agency will, where possible, discuss the reasons for discharge with the employee, prior to such discharge.

Probationary employees will be eligible for all benefits received by regular employees upon completion of the first three months of the probationary period. If the Agency waives the eligibility waiting period for health insurance for new hires, then all other employees with greater seniority must be given the same option. The Agency will notify the Union whenever it starts or stops the eligibility waiver program.

Section 1.11

Pay Period: The pay week runs from Sunday at 7:00 A.M. to the following Sunday at 6:59 A.M. The pay period will continue to consist of two (2) consecutive weeks. Employees will be paid for all compensable time in the pay period, including overtime, on the second Wednesday following the end of the two week pay period, (e.g. if the two-week pay period ends on Sunday, January 9th, pay checks would be distributed on Wednesday, January 19). In the event that external factors beyond the control of the Agency prevent the Agency from paying employees in accordance with this Section, such will not be considered a violation of this Section.

ARTICLE 2- AGENCY SHOP

Section 2.1

All Employees on the active payroll as of the effective date of this Agreement, who are members of the Union, shall maintain their membership in the Union in good standing as a condition of continued employment.

Section 2.2

All employees on the active payroll as of July 10, 1981 who as of the effective date of this Agreement are not members of the Union may voluntarily join the Union or choose not to become a member of District 1199C.

Section 2.3

Each employee hired after July 10, 1981 covered by this Agreement who does not choose to become a member of the Union shall be required, as a condition of employment, beginning on the thirtieth (30th) day following the beginning of such employment, or on the thirtieth (30th) day after the effective date of this Agreement, whichever occurs later, to pay the Union an agency service fee toward the administration of this Agreement. The agency service fee shall be payable at the same time as the Union regular dues and/or initiation fee and shall be equal to the amount of regular dues and/or initiation fee.

Section 2.4

All employees covered by this Agreement who choose to become members of the Union shall become members of the Union beginning the thirtieth (30) day after the effective date of this Agreement or on the thirty-first (31st) day of employment, whichever occurs later, and shall thereafter maintain their membership in the Union in good standing as a condition of continued employment.

Section 2.5

For the purposes of this Article, an employee shall be considered a member of the Union in good standing if he/she tenders his or her periodic dues and initiation fee uniformly required as a condition of membership.

Section 2.6

Subject to the Grievance Procedure provision of this Agreement, an employee who has failed to maintain membership in good standing or failed to pay the agency service fee as required by this Article, shall, within twenty (20) calendar days following receipt of a written demand from the Union requesting his/her discharge, be discharged if, during such period, the required dues and initiation fee or equivalent agency service fees have not been tendered.

ARTICLE 3- CHECKOFF

Section 3.1

Dues Check-Off. Upon receipt of a written authorization from an employee in the form annexed hereto as Exhibit “A”, the Agency shall, pursuant to such authorization, deduct from the wages due said employee each month, starting not earlier than the first pay period following the completion of the employee’s thirtieth (30th) day of employment, and remit to the Union regular monthly dues, initiation fees, or agency service fees as fixed by the Union.

Section 3.2

Upon thirty (30) days written notice from the Union, the Agency agrees to remit said dues, initiation fees, or agency service fees to the Philadelphia office of the Union, as designated in said notice.

Section 3.3

The Agency shall be relieved from making such “checkoff” deductions upon termination of employment, or transfer to a job other than one covered by the bargaining unit, or layoff from work, or an agreed leave of absence, or revocation of the check-off authorization in accordance with its terms or with applicable law. Notwithstanding the foregoing, upon the return to work of an employee, who has previously authorized a check off, from any of the foregoing enumerated absences, the Agency will immediately resume the obligation of making check-off deductions, except that a terminated employee must execute a new check-off authorization in accordance with Section 3.1. This provision, however, shall not relieve any employee of the obligation to make the required dues and initiation payments pursuant to the Union constitution or agency service fee payments in order to remain in good standing.

Section 3.4

The Agency shall not be obligated to make deductions for dues, initiation fees, or agency service fees of any kind from any employee who, during any month involved, shall have failed to receive sufficient net wages to equal the dues, initiation fees, or agency service fees deduction

Section 3.5

Each month, the Agency shall remit to the Union all deductions for dues, initiation fees, or agency service fees made from the wages of employees for the preceding month, and forward said payment to the Union on or before the 15th of each month together with a list of all employees from whom dues, initiation fees and/or agency service fees have been deducted and their social security numbers.

Section 3.6

Employees who do not sign written authorizations for deductions of dues, initiation fees and/or agency service fees must adhere to the same payment procedure by making payments directly to the Union.

Section 3.7

Political Action Fund. The Agency agrees to make a payroll deduction once each calendar year from an employee's pay for the District 1199C Political Action Fund upon the written authorization of any employee covered under this Agreement and remit same to the District 1199C Political Action Fund. Said authorization shall be in the form annexed hereto as Exhibit "B".

This deduction shall be made on a monthly basis for those employees in the bargaining units authorizing the deduction. The Agency shall remit the lump sum of all deductions to District 1199C by separate check.

Section 3.8

The Union assumes full responsibility for the disposition of the funds so deducted, once they have been turned over to the Union as provided above.

Section 3.9

The Union shall indemnify and save the Agency harmless against any and all claims, demands, suits and other forms of liability that may arise out of or by reason of action taken by or not taken by the Agency for the purpose of complying with the provisions of this Article or any other provisions of this Agreement relative to any requirements of membership in the Union, or obligations of Union members or by reason of the Agency's reliance upon any lists, or assignment furnished under any such provisions or by reason of any action taken or not taken by the Union.

Section 3.10

The Agency agrees to furnish the Union each month with the names of newly hired employees and those transferred into bargaining unit positions, their addresses, social security numbers, classifications of work, departments, rates of pay, and dates of hire, and the names of terminated employees, together with their dates of termination, and the names of employees on leave of absence and those returning from leaves of absence. The Agency shall also furnish names, prior departments and classifications of employees promoted and/or transferred.

ARTICLE 4- NONDISCRIMINATION

Both the Agency and the Union agree not to discriminate against any employee on the basis of race, ancestry, ethnicity, creed, color, sex, marital status, familial status, domestic or sexual violence victim status, age, national origin, union membership, disability, political affiliation, sexual preference, sexual orientation, gender identity, veteran's status, genetic information, or any other non-merit factor in regard to employment, advancement, rates of pay and other terms and conditions of employment, provided that the term "discrimination" is not intended to include any distinctions or differences which are not violative of the law.

ARTICLE 5 - UNION ACTIVITY, VISITATION, AND BULLETIN BOARDS

Section 5.1

Bulletin Boards. The Agency will provide one designated bulletin board per building which shall be used for disseminating official Union notices including, but not limited to, meeting announcements, Union elections, social events and political endorsements. Such bulletin boards shall be placed conspicuously and at locations readily accessible to employees in the course of their employment at each of the Agency's facilities. Copies of Union notices placed on the Union bulletin boards may also be placed in individual employee mail boxes. The Union bulletin boards and employee mail boxes shall be the exclusive method for disseminating Union notices. The Union delegate shall provide the Human Resources Director with copies of all material posted on Union bulletin boards or placed in employee mail boxes.

Section 5.2

The Union will provide the Agency with a current list of Union delegates.

Section 5.3

A delegate will be permitted reasonable time to investigate grievances that may arise under this Agreement provided that the delegate notifies his/her supervisor in advance and after such investigation; that such investigations shall not disrupt the operation of the Agency; that such investigations shall not occur during work time at any other office unless approved in advance, such approval not being unreasonably denied; that there shall be no abuse of this provision; and that no patient visits shall be deferred to another day without prior supervisory approval, such approval not being unreasonably denied. Upon prior Agency approval, delegates or Union representatives shall be permitted to use suitable Agency facilities to investigate grievances.

Section 5.4

An aggrieved employee, his/her delegate and a reasonable number of witnesses will be granted time off with pay to attend Step 1, 2 and 3 grievance conferences and hearings held during work time. An aggrieved employee, his/her delegate and a reasonable number of witnesses will be granted time off without pay to attend arbitration hearings.

Section 5.5

The Agency will provide the Union with copies of all memos, bulletins, or instructions distributed to employees which clarify or establish personnel policies affecting employees.

Section 5.6

An authorized representative of the Union shall have access during working hours to any Agency facility covered by this Agreement for the purpose of conferring with Agency representatives, delegates of the Union and/or employees for the purpose of administering this Agreement. Conferences with delegates and/or employees shall be held during non-work time.

The Union representative shall give reasonable advance notification to the Human Resources Director or his/her designated representative and such access shall not interfere with the operation of the Agency.

Section 5.7

Upon request, the Agency shall make every effort to provide meeting space on the Agency's premises for the purpose of conducting Union meetings during non-work time and during the Agency's normal hours of operation. Such requests shall not be unreasonably denied. Once a month the Agency shall make available to the Union meeting space on the Agency's premises for up to two (2) hours beginning after 5 p.m. for the purpose of conducting a Union meeting, provided that the Union give at least one week's written notice to the Human Resources Director or his/her designee of its desire to utilize such space and provided further that the Agency may withdraw the use of such space for any particular date in the event of an operational emergency.

Section 5.8

Upon seven (7) calendar days advance notice in writing to an employee's supervisor and the Human Resources Director, the work schedule of an employee elected as a Union delegate shall be adjusted to permit attendance at regular Delegate Assembly meetings, provided that such adjustment of work schedules shall not impair the operation of the Agency. It is anticipated that regular Delegate Assembly meetings will continue to be scheduled in the evening.

Section 5.9

The Agency recognizes the desirability of working with competent delegates. Accordingly, the Agency shall make available a "bank" of sixteen (16) paid days per contract year to be shared by delegates to attend training sessions conducted by the Union, provided the Agency can spare the delegate on the particular day requested. The Union must make a written request to the Agency for use of these days, at least five (5) working days in advance. Such days shall not be taken in less than one-half (1/2) day increments. The Agency shall not be liable for any expenses incurred by delegates attending such training sessions.

A representative of the Union (Administrative Organizer, Delegate or Union Designee) will be given the opportunity to meet with new bargaining unit employees during their 30-day orientation period. The meeting may be held before or after the orientee's work day or during their lunch break; attendance will not be mandatory on the part of the orientee; and the time will not be paid for by the Agency (either for the Union representative or the orientee).

ARTICLE 6- SENIORITY AND LAYOFFS

Section 6.1

Definitions.

(a) For the purposes of this Agreement, a full-time employee's bargaining unit seniority is defined as his/her length of service with the Agency or the Agency's predecessors, Visiting Nurse Society and/or the Division of Public Health Nursing, Philadelphia Department of Public Health, provided that service prior to a separation or leave without pay exceeding twelve months shall not be considered in calculating an employee's seniority.

(b) Classification seniority shall be defined as the length of time an employee has worked in a specific job classification.

Section 6.2

Accrual. Employees will have no seniority during their probationary period, but should they become regular employees, their seniority shall be retroactive to the first date of current continuous employment. Part-time employees will accrue seniority on a pro-rata basis. Regular employees who are promoted and are in their trial period in accordance with Section 7.6 shall accrue classification seniority from their former job classification during their trial period in their new position. Upon satisfactory completion of the promotion trial period, classification seniority in the new position shall be retroactive to the date of promotion. Temporary employees will have no seniority during the time they occupy the status of temporary employee, but should any temporary employee become a regular employee, then his/her seniority shall be retroactive to the initial date of employment.

Section 6.3

An employee's seniority shall cease upon the employee's:

- (a) Discharge for just cause;
 - (b) Layoff for more than twelve (12) months. Notwithstanding the foregoing, if mutually agreed, this provision shall be waived for an employee who is laid off and is subsequently placed into a training program for a higher classification and the Agency is advised of the approximate amount of time that the employee will be gone;
 - (c) Failure to respond to the Agency or return to work after being notified of an available position within the time limits prescribed in Section 8.9;
 - (d) Absence from work for three (3) consecutive workdays without justifiable reason;
 - (e) Failure to return to work following the end of an approved leave of absence;
- or

(f) Falsification of reason for leave of absence or taking of another job while on leave of absence without the Agency's approval.

Section 6.4

(a) If an employee's service with the Agency is interrupted for any reason and he/she returns to work for the Agency within one (1) year, he/she will be entitled to credit for seniority for the prior period of employment.

(b) If a bargaining unit employee takes a non-bargaining unit position with the Agency but then returns to a bargaining unit position within the length of the probationary period applicable to the job he/she left, the employee is entitled to seniority credit for his/her prior bargaining unit service.

Section 6.5

All seniority shall accrue during a continuous authorized leave of absence without pay for the length of the medical or childrearing leave, provided that the employee returns to work immediately following the expiration of such leave of absence; during an authorized leave of absence with pay; during a period of continuous layoff not to exceed the lesser of one (1) year or the length of an employee's continuous employment if the employee is recalled into employment.

Section 6.6

In the event of layoff, the Agency has the exclusive right to determine which classification(s) shall be affected. The Agency will select employee(s) to be laid off from among those employees who work in the classification(s) in which the reduction occurs.

Section 6.7

In determining layoffs within the classification(s) affected, temporary employees shall be laid off first. Probationary employees shall be next laid off. In laying off regular full-time and part-time employees, classification seniority will be the primary consideration. It is recognized that an employee(s) may be retained due to special training, knowledge or ability who has less seniority than an employee(s) who is laid off. If this occurs, the Agency will state the reason in writing to the Union and the affected employee(s).

Section 6.8

(a) In the event an employee in a classification in the professional bargaining unit is scheduled to be laid off, and there exists any vacant position or any position filled by a temporary or probationary employee in another professional classification in the same or lower pay grade which the employee has the ability to perform, and for which he/she is qualified, then bargaining unit seniority shall prevail in assigning such employees to be laid off to such vacant positions or positions filled by temporary or probationary employees.

(b) In the event an employee is scheduled to be laid off in a classification in the nonprofessional bargaining unit, and there exists any vacant position or a position filled by a temporary or probationary employee in another classification in the same or lower pay grade which the employee has the ability to perform and for which he/she is qualified, then bargaining unit seniority shall prevail in assigning such employee(s) scheduled to be laid off to such vacant positions or positions filled by temporary or probationary employees.

(c) An employee in a classification in the non-professional bargaining unit scheduled to be laid off may displace the least senior employee in a classification formerly held by the employee scheduled to be laid off or may displace the least senior employee in any classification in the same pay grade or any lower classification which he/she has the ability to perform and for which he/she is qualified, provided that the displaced employee does not possess special training, knowledge or ability as set forth in Section 6.7.

(d) In the event a reduction in force is necessary, the Agency will lay off Registered Nurses according to the seniority provisions of this Article 6 before reducing below six (6) the average schedule of potential visits per day, normally measured over a pay period worked, for those Pay-Per-Visit Registered Nurses who are not laid off.

Section 6.9

In the event that an employee is laid off and displaces an employee in a lower salary grade, his/her salary shall be the salary for the new grade which accords credit for the employee's years of experience in the position from which the employee was laid off, or his/her salary shall be reduced by the amount between the respective grades and steps, whichever is less.

Section 6.10

Employees laid off shall receive payment for all monies owed, including earned vacation and personal days.

Section 6.11

If a part-time employee has greater seniority than a full-time employee in the same classification who is to be laid off, the part-time employee must be willing to accept full-time employment to continue working.

Section 6.12

Employees scheduled to be laid-off shall receive four (4) weeks' notice.

Section 6.13

Employees laid off due to technological changes or reorganization shall receive one (1) week severance pay for every year of employment with the Agency, up to a maximum of four (4) weeks.

Section 6.14

In the event that the Agency determines that technological changes will be initiated, the Agency will notify all affected employees of such changes at the time the decision is finalized in order for the employee to seek training for the new position, including training as provided for in Section 23.1. The Agency will provide employees the appropriate training for the new positions where technologically and economically feasible.

ARTICLE 7- JOB VACANCIES AND TEMPORARY TRANSFERS

Section 7.1

In the event a vacancy or newly created job in the bargaining unit occurs, the Agency will:

- (a) notify employees on the recall list in accordance with the provisions of Article 8;
- (b) post the available position on the bulletin boards for a period of not less than five (5) working days, spanning two (2) work weeks and excluding Saturdays, Sundays and holidays at all of the Agency's facilities. The Agency shall include wage and bargaining unit status in all job postings; and
- (c) broadcast on voice mail an announcement of a new job posting on the day such notice is first posted.

The Agency may also, in its discretion:

- (a) advertise in city-wide, neighborhood and minority newspapers;
- (b) seek referrals from other agencies, University placement offices and employment agencies.
- (c) contact the Union's Employment Service.

Section 7.2

Employees who desire such vacant position may submit their bid to the Human Resources Director in writing within the five (5) day posting period. Employees who wish to transfer laterally from their present position or to a lower-salaried position may also bid on posted vacant positions. An employee may seek to exercise his/her opportunity to transfer laterally more than once in any twelve (12) month period, but the Agency is under no obligation to consider such additional request(s) from an employee who previously has transferred laterally once within the twelve (12) month period.

Section 7.3

Any applicant after submitting a written application, will be considered for a position on the basis of his/her qualifications and bargaining unit seniority. Such qualifications will include performance, education, experience and ability to meet the needs of the Agency and serve patients.

Section 7.4

The Agency shall post the names of all in-house applicants for posted positions and will submit a copy of the list to the Union.

Section 7.5

If an employee is qualified in accordance with Section 7.3, he/she will be awarded the position. If in the Agency's opinion two employees are reasonably equally qualified, the more senior employee will be awarded the position. An employee who bids on any vacant position shall be sent notification in writing of the outcome of his/her bid within three (3) working days after a decision is made. In the event an employee's bid is not accepted, the reason for denial shall be included in the notification. Nothing herein will be deemed to prevent the Agency from filling a job vacancy or new position from outside the Agency.

Section 7.6

When an employee's bid, except for lateral transfers, is accepted, he/she will be given a trial period of two (2) months for non-professional employees and four (4) months for professional employees. During this trial period, if the employee is not performing up to the standards of the position, he/she may be returned to his/her former position if it is occupied by a probationary or temporary employee, or to a comparable job if his/her former position is occupied by a regular bargaining unit employee, the particular reassignment being in the discretion of the Agency. Such action will not be taken arbitrarily and shall be subject to the grievance procedure but not to arbitration. The employee shall continue to be covered by this agreement during the trial period.

Section 7.7

If such employee is removed from the new job during this trial period or decides to return to his/her former position, he/she shall be returned to his/her former position, without loss of seniority or other benefits, if his/her former position is occupied by a probationary or temporary employee, or to a comparable job if his/her former position is occupied by a regular bargaining unit employee, the particular reassignment being in the discretion of the Agency.

Section 7.8

Employees promoted shall receive the appropriate job rate for the promoted position or if such new job rate is less than one full pay step, then one full step up to the maximum salary of the new grade.

Section 7.9

Temporary Transfers.

(a) A temporary transfer shall be defined as a transfer from one office to another within the same or similar job classification in the same pay grade for a period not to exceed two work weeks or, if the employee is replacing an employee on vacation, the length of the vacation.

(b) In the event volunteers are exhausted, the Agency shall then transfer employees on an equitable rotating basis from among regular employees available from the office(s) in which the transfer is not necessary based on seniority.

(c) In the case of established need by the employee to adjust scheduled work hours as a result of the transfer, the Agency shall make every effort to accommodate the employee's scheduling request.

ARTICLE 8 - RECALL LIST

Section 8.1

The Agency will establish a recall list for employees on layoff and employees who have accepted positions dissimilar or of lower status in lieu of layoff.

Section 8.2

An employee on the Recall List will be considered for all positions for which the employee in the opinion of the Agency is qualified. If an employee is notified of an available position in the same job classification which the employee formerly held or a position which is similar to and of like status and pay, the employee must respond to the Agency's notification and accept the position if it is offered or be removed from the Recall List. If the position is dissimilar from and of a lower status and pay than the position which the employee formerly held, he/she will remain on the Recall List whether or not he/she accepts the position.

Section 8.3

The following procedure shall be used for recalling laid off employees:

(a) Any employee in the job classification in which the vacancy occurs who was previously laid off and transferred or bumped into another job classification shall initially be recalled according to his/her classification seniority in the vacant position.

(b) Any other employees in the job classification in which the vacancy occurs who are on layoff shall have the opportunity to fill the position vacated by the employee transferring back to his/her former position based on bargaining unit seniority. If such vacancy no longer exists, such laid off employee shall be recalled to his/her job classification when a vacancy exists based on classification seniority.

(c) If a vacancy occurs in a job classification where no employee in that classification has recall rights based on classification seniority, then the laid off employee in any classification in the same or higher pay grade with the most bargaining unit seniority will be recalled if he/she is qualified and has the ability to do the work. If said employee is not qualified or does not have the ability to do the work, then the next senior employee who is qualified and has the ability to do the work will be recalled.

(d) It is recognized that an employee may be recalled ahead of another employee with greater classification or bargaining unit seniority if the recalled employee has special training, knowledge or ability. If this occurs, the Agency will state the reason in writing to the Union and the affected employees.

Section 8.4

Probationary employees who are laid off shall have no recall privileges.

Section 8.5

A part-time employee on layoff shall have recall rights to a full-time position if he/she is willing to work the required full-time schedule of hours.

Section 8.6

Employees shall maintain their recall rights for one (1) year or their length of service, whichever is less.

Section 8.7

If an employee is reinstated in a position of like status and pay his/her name will be removed from the Recall List.

Section 8.8

An employee's salary upon recall shall be:

(a) if the employee is returning to the position he/she last held before leaving work, or a position of like salary and pay, the step and grade the employee held when he/she left his/her position including any increases that would have become effective during layoff.

(b) If the employee is returning to a position of lesser status and pay compared to the position he/she last held, the salary shall be reduced to the salary for the new position which accords credit for the employee's past years of experience in the position which the employee last held before leaving work.

Section 8.9

An employee must notify the Agency of his/her availability to return to work within ten (10) working days from the date that notice of an available position was sent from the Agency by certified letter to the last address furnished by the employee. A copy of said letter shall be sent

to the Union. An employee under appropriate circumstances, will be allowed up to fifteen (15) working days to return to work from the date that notice of the available position was sent from the Agency by certified letter to the last address furnished by the employee. Each employee assumes responsibility for maintaining his/her correct address with the Agency.

ARTICLE 9 - HOURS OF WORK

Section 9.1

The regular work week for all full-time bargaining unit employees shall be 40 hours of work per week, exclusive of meal periods.

Section 9.2

The regular work day shall consist of 8 hours per day plus a one hour meal break except for home health aides who shall receive a one-half (1/2) hour meal break. The Agency or the employee, with prior supervisory approval, may vary the length of the meal period in the case of individual employees for scheduling, coverage or other reasons provided the employee's work period is adjusted accordingly or, in the case of hourly employees, the employee receives overtime in accordance with the provisions of Article 11.

Section 9.3

Nothing in Section 9.1 or 9.2 shall be construed as guaranteeing the number of hours or days of work per week or number of hours of work per day.

Section 9.4

Full-time employees will be entitled to one rest period of fifteen (15) minutes in the first half of the workday and one rest period of fifteen (15) minutes in the second half of the workday if the general operation of the Agency permits and work flow will not be interrupted. A part-time employee who works at least four hours will be entitled to one rest period.

Section 9.5

Direct Deposit. Wages shall be paid by direct deposit into a bank account designated by each employee. Employees shall cooperate by signing the enrollment forms reasonably required to initiate this method of payment. All employees currently enrolled in direct deposit and all new employees will continue to authorize that method of pay; any existing employees not currently using direct deposit will begin doing so by first pay period January, 2011.

Section 9.6

Weekend Work.

Weekend work shall be assigned and paid for as follows:

(a) Per Visit Full Time and Part Time RNs who work a regular Monday to Friday schedule must sign up (or be assigned) for 1 weekend out of fixed 4 consecutive weekends. Seniority can be used by employees to select their preferred weekend so long as it is exercised during the open window period, which will be set forth in work rules issued by VNA. If VNA needs to increase the frequency of weekend rotations, it may only be by mutual agreement with the Union.

(1) If a RN misses a scheduled weekend rotation (except when out on an approved leave of absence), that weekend must be made up within the current or next 4 weekend cycle.

(2) Shift days continue per current practice.

(3) Scheduling of days off during the week is subject to approval of PCMs, which shall not be unreasonably withheld.

(4) Weekend work will be compensated at a 10% premium over the weekday per visit rate.

(b) Hourly Full-Time RNs and LPNs who work a regular Monday to Friday schedule must sign up (or be assigned) for 1 weekend out of fixed 4 consecutive weekends. Seniority can be used by employees to select their preferred weekend so long as it is exercised during the open window period, which will be set forth in work rules issued by VNA. If VNA needs to increase the frequency of weekend rotations, it may only be by mutual agreement with the Union.

(1) If a RN or LPN misses a scheduled weekend rotation (except when out on an approved leave of absence), that weekend must be made up within the current or next 4 weekend cycle.

(2) The RN or LPN must take off 1 weekday in the week prior to the weekend and 1 weekday in the week following the weekend.

(3) Scheduling of days off during the week is subject to approval of Patient Care Managers ("PCMs"), which shall not be unreasonably withheld.

(4) Weekend work will be compensated at a 10% premium over weekday hourly rate.

(c) When working assigned weekend rotations, RNs and LPNs may request to split weekend days (working 1 weekend day in each of 2 weekends), so long as the arrangements are prescheduled with the appropriate manager and so long as there is adequate coverage available for both days of each applicable weekend. Responsibility for finding partners who are willing to split weekends rests with the clinician, not the manger.

(d) Hourly Part-Time RNs and LPNs must sign up (or be assigned) for 1 weekend day on 1 out of fixed 4 consecutive weekends. If VNA needs to increase the frequency of weekend rotations, it may only be by mutual agreement with the Union.

(1) If a RN or LPN misses a scheduled weekend day rotation (except when out on an approved leave of absence), that weekend day must be made up within the current or next 4 weekend cycle.

(2) Scheduling of days off during the week is subject to approval of PCMs, which shall not be unreasonably withheld.

(3) Weekend work will be compensated at a 10% premium over weekday hourly rate.

(4)

(e) RN Weekend Staff are regularly scheduled to work 18 hours between Saturday and Sunday.

(1) The RN Weekend Staff are compensated by salary at the rate of \$818.45 per week as of the first full pay period on or after July 1, 2017 (subject to the increases set forth in Section 10.1), are exempt from overtime compensation and do not receive any separate differential for working on weekends.

(2) When the RN Weekend Staff perform additional visits Monday to Friday, they are compensated at visit rates of \$45 for revisits and \$70 for start of care visits.

(f) HHA Staff must sign up for (or be assigned) 1 weekend day on no more than 1 out of fixed 4 consecutive weekends as primary HHA, and no more than 1 out of fixed 4 consecutive weekends as secondary (i.e., backup) HHA. The current rotation of 1 weekend out of 8 is continuing to be maintained as of the commencement of this Agreement. If VNA needs to increase frequency of weekend rotations to more than 1 out of 4 fixed consecutive weekends, it may only be by mutual agreement with the Union.

(1) If a HHA misses a scheduled weekend day rotation (except when out on an approved leave of absence), that weekend day must be made up within the current or next weekend cycle.

(g) All Classifications with Shift Days – Employee cannot substitute paid time off for unpaid shift day in order to qualify for overtime in that pay period.

(h) All nurses assigned to the rotating weekend schedule shall be considered primary.

Section 9.7

Employees who report for work at the beginning of their work day shall be assigned other work to do that they can perform at their applicable rate of pay in the event their regular work is not available.

Section 9.8

Schedule Changes and Call-Backs.

(a) The Agency will make every reasonable effort not to alter the weekend schedule after it has been established. In the event the Agency determines that an established schedule must be changed due to unforeseen circumstances, the Agency will first utilize volunteers to fill scheduling requirements. If no volunteers are available, the Agency will make an effort to minimize the impact of such change on the employee(s) affected.

(b) Any employee required to work on a day not regularly scheduled (excluding regular weekend rotations) or called back to work during the above hours shall be paid for a minimum of four (4) hours per day at the rate set forth in Section 9.6 above, provided, however, that if the employee has been notified not to report to work at least one hour in advance of the scheduled starting time the employee shall not receive said reporting pay, and provided further that in the event of lack of work caused by emergencies beyond the control of the Agency, the employee shall receive a minimum of two hours pay.

(c) No employee hired prior to May 1, 1982 who as of that date was not required to work weekends will be required to work weekend or night work on a regular basis during the life of this Agreement unless mutually agreed. Employees now required to work on weekends on a rotating basis shall continue to be required to do so.

(d) In the event an employee scheduled to work the weekend does not have a full day's worth of visits scheduled for that weekend day, at the employee's option, at the employee's option, and with notification to his/her supervisor, the employee may: (i) report to the office and perform assigned paperwork tasks for 8 hours or (ii) take personal or vacation time and work their regular schedule.

(e) On Call - VNA agrees to pay all employees who are designated as being "on call" for up to 15½ consecutive hours a flat fee of \$46.50 for salaried or per visit employees or an hourly fee of \$3 per hour for hourly employees. If the employee is "called out" and is an hourly employee, s/he will be paid a minimum of 2 hours at time and one half; if the employee is "called out" and is a salaried or per visit employee, s/he will be paid for each visit at 20% above the per visit rate.

Section 9.9

The decision to charge approved time off to accrued personal or vacation time will continue to be at the employee's discretion, however, the employee will not be forced by the Agency to utilize accrued personal or vacation time. In no event will a bargaining unit employee be asked to accommodate the scheduling of a non-bargaining unit employee.

ARTICLE 10 - WAGES

Employees with related hospital experience shall receive credit for such experience at a rate of fifty percent (50%). The Agency shall be the sole arbiter of whether an employee's prior experience warrants such credit.

Section 10.3

Upon the accrual of experience either with the Agency or credit for previous community health experience or related hospital experience, employees shall move within the experience scales as set forth in Appendix A. A maximum of five (5) steps shall be permitted for prior experience. The Agency shall be the sole arbiter of whether an employee's prior experience warrants such credit.

The Agency shall provide the Union with a written job description of the new or changed classification which shall describe the job contents sufficiently to identify the new duties.

Upon receipt of the job description, the Union shall be given an opportunity to meet with Agency representatives, if the Union wishes to meet, to discuss the new or changed classification and the assignment of a new or existing pay grade. If the parties are unable to agree to a pay grade for the job the matter may be submitted through the grievance procedure.

Section 10.8Pay-Per-Visit.

(a) By October 1, 2013, with the exception of the positions listed in subsection 10.8 (b), all Registered Nurses shall be paid on a Pay-Per-Visit basis. Pay-Per-Visit Registered Nurses do not earn separate sick, vacation, personal or holiday pay except as described in Section 10.8(d) to the extent they still are paid on an hourly basis, and Sections 10.8(f) and 10.8(g). Those wishing to fill the position using their seniority must notify the Agency by August 30, 2013.

(c) All Registered Nurses newly hired after August 2, 2013 shall be compensated on a Pay-Per-Visit basis unless they fall into one of the positions listed in subsection 10.8 (b).

(d) All new Registered Nurses shall be compensated on an hourly basis for up to six (6) months. Notwithstanding anything else to the contrary in this Agreement, at the earlier of (i) the end of the probationary period or (ii) the first full pay period after they switch to Pay-Per-Visit compensation, they will be paid at the Job Rate.

(e) A five dollar (\$5.00) per visit bonus shall be paid to Pay-Per-Visit Registered Nurses for visits in counties outside Philadelphia County.

(f) When a Registered Nurse switches from hourly to Pay-Per-Visit method of compensation, the Registered Nurse's accrued paid leave time will be carried with the Registered Nurse, subject to the same utilization and scheduling rules otherwise applicable. When the time is actually used, it will be paid at the prevailing rate at the time of use.

(c) Effective the first full pay period that begins on or after July 1, 2017, \$10 per case will be paid to RNs, LPNs and Therapists for those cases in which a new RN, LPN or Therapist (orientee) is assigned to shadow the RN, LPN or Therapist.

Section 10.10 Salary + Bonus + Benefit Option

Registered Nurses who otherwise are required to be paid on a pay per visit basis will have the option to be paid on a salaried basis, with the opportunity to earn certain bonuses and certain paid time off. The details of this option are as follows:

(a) RNs in Steps 1, 2 and 5 of Grade 11 will have the following base salaries as of the first full payroll period beginning on or after July 1 of the designated year:

July 1, 2017	-	\$74,538.00
July 1, 2018	-	\$76,401.45
July 1, 2019	-	\$78,311.49

(b) RNs in Step 7 of Grade 11 will have the following base salaries as of the first full payroll period beginning on or after July 1 of the designated year:

July 1, 2017	-	\$78,679.00
July 1, 2018	-	\$80,645.98
July 1, 2019	-	\$82,662.12

(c) If the RN exceeds an average of 6 visits per day worked (excluding weekends and holidays) in a work week, the RN will receive the Pay-Per-Visit base rate for those visits over an aggregate of 6 visits per day worked.

(1) For example, the base rate for a Start of Care visit will be \$100 (\$105 effective the first full pay period on or after July 1, 2018).

(2) For example, if an RN works 5 weekdays in a pay period, the bonus is paid for the 31st visit, 32nd visit and so on. If the 31st visit is a Revisit, the bonus is the Pay-Per-Visit rate for a Revisit, and if the 32nd visit is a Resumption of Care, the bonus for the 32nd visit is \$85.

(d) RNs who participate in the salary program earn a pro-rated portion of 20 Paid Time Off ("PTO")) days effective with the payroll period in which the RN begins participating in the salaried position.

(e) RNs who wish to participate in the salary program may do so at any time, provided they give a least one weeks' written notice to Human Resources.

(f) RNs who are participating in the Salary + Bonus + Benefit Program may continue to participate until (i) they fall below 6 visits per day worked (excluding weekends and holidays) over a rolling 4 pay periods, (ii) they provide at least 2 weeks' written notice to VNA that they wish to stop participating in the Program and that they will return to the Pay-Per-Visit model or (iii) VNA and the Union agree to end or otherwise modify the Program. An RN who participates in the Program but then stops participating may not reenroll in the Program without waiting at least a full calendar quarter.

(g) (1) RNs participating in the Salary + Bonus + Benefits Program will be paid \$10.00 for each start of care visit they perform and \$5.00 for each recertification visit they perform, in addition to their regular salary, unless the start of care visit or recertification visit is paid at the pay-per-visit rate per Section 10.10(c) for certain visits over the aggregate of 6 visits per day in a work week.

(2) RNs participating in the Salary + Bonus + Benefits Program who perform a start of care visit or a recertification visit over the aggregate of 6 visits per day in a work week will be paid per Section 10.10(c).

(3) For example, if an RN performs a start of care visit for his or her first visit of a work week, he or she would receive regular salary plus \$10.00 for that visit. However, if an RN performs a start of care visit as the 31st visit of the work week, he or she would be paid \$115, as provided for in Section 10.10(c) for visits over the regular 30 visit work week.

ARTICLE 11 - OVERTIME

Section 11.1

All hourly paid full-time employees shall receive time and one-half for all hours worked in excess of the normal work day or normal work week.

Section 11.2

It is assumed that employees will always act in a responsible manner and, where necessary, will finish the task in which they are engaged at the end of their normal work period. Should an employee be required to work beyond his/her normal work period for an unbroken period between eight and fifteen minutes, he/she may receive overtime as set forth in Section 11.1 provided the employee receives advance permission from his/her supervisor before working such time. Overtime for field staff may be necessitated by patient needs or record documentation. Overtime will not be granted where such time involves (a) less than eight minutes; or (b) more than eight

minutes, but the employee has failed to obtain advance permission in accordance with the provisions of this section.

Section 11.3

Section 11.4

All paid leave shall be considered as time worked for the purpose of computing overtime.

Section 11.5

There shall be no pyramiding of overtime.

Section 11.6

Any clerical employee who is required to work overtime for a period in excess of two and one-half (2-1/2) hours, shall receive a \$5.00 dinner allotment and, if desired, an unpaid meal break not to exceed one hour.

Section 11.7

(a) Any hourly full-time employee who works either six or seven days in any work week shall be compensated for such sixth and/or seventh days as follows:

(1) If the employee works six days in any work week, he/she shall receive time and one-half for all hours worked on the sixth day worked in that work week. Additionally, the employee may request an unpaid day off work to be scheduled in accordance with Section 11.7(a)(4) below.

(2) If the employee works seven days in any work week, he/she shall receive time and one-half for all hours worked on the sixth and seventh day worked in that work week. ARTICLE 12 - GRIEVANCE PROCEDURE

Section 12.1

A grievance shall be defined as a dispute, complaint, misunderstanding or disagreement between the parties hereto arising out of or under this Agreement as to the meaning or application of this Agreement or compliance with its provisions. An earnest effort will be made to settle all grievances promptly in the following manner:

- Step 1. An employee having a grievance and his Union delegate or other representative shall take it up and meet with the immediate supervisor within ten (10) working days after it arose or should have been known to the employee. The Agency shall give its answer to the employee and/or his Union delegate or other representative within five (5) working days after presentation of the grievance in Step 1.
- Step 2. If the grievance is not settled at Step 1, the grievance may, within five (5) working days after the answer in Step 1, be presented at Step 2. When grievances are presented in Step 2, they shall be reduced to writing, signed by the grievant and his Union representative, and presented to the Department Head or his/her designated representative. Step 2 shall be answered by the Agency in writing within ten (10) working days after its presentation at the hearing, if any, or its receipt, if no hearing is scheduled.
- Step 3. If the grievance is not settled in Step 2, the written grievance may, within five (5) working days after the answer in Step 2, be presented at Step 3. A grievance at Step 3 shall be presented to the President or his/her designee. The President or his/her designee shall render a decision in writing within ten (10) working days after the presentation of the grievance at the hearing, if any, or its receipt, if no hearing is scheduled.

Section 12.2

A grievance hearing shall be held at Steps 2 and 3 at the request of the Union or the Agency. Grievance hearings shall be scheduled at the time of the presentation of the grievance. Every reasonable attempt, consistent with the operation of the Agency, shall be made to hold

grievance hearings at a mutually convenient time during working hours within five (5) days after presentation of the grievance.

Section 12.3

Failure on the part of the Agency to answer a grievance at any step shall not be deemed acquiescence thereto, and the Union may proceed to the next step.

Section 12.4

Anything to the contrary herein notwithstanding, a grievance concerning a discharge or suspension may be presented initially at Step 2 in the first instance, within the time limit specified. The employee shall have the right to have a delegate or other representative of the Union present if he so desires.

Section 12.5

Without waiving its statutory rights a grievance on behalf of the Agency may be presented initially at Step 3 by notice in writing addressed to the Union at its offices.

Section 12.6

All time limits herein specified shall be deemed to be exclusive of Saturdays, Sundays and holidays. All time limits specified herein shall be strictly enforced unless the parties mutually agree to extend the time.

Section 12.7

ARTICLE 13 - ARBITRATION

Section 13.4

The award of an arbitrator hereunder shall be final, conclusive and binding upon the Agency, the Union and the employees.

ARTICLE 14 - DISCIPLINE AND DISCHARGE

Section 14.1

The Agency shall have the right to discharge, suspend, or discipline any employee for just cause. Discipline and discharge for probationary employees shall not be subject to Articles 12 and 13 of this Agreement.

Section 14.2

The Agency recognizes that any discipline imposed should be constructive with a goal of making the employee a more productive employee. Toward this end, the Agency recognizes the concept of progressive discipline, and will attempt to discipline employees in such a manner so as not to embarrass the employee before the public or other employees. The parties agree, however, that neither of these concepts shall result in the reversal or other modification of any discipline or discharge which would have been sustained in the absence of this section.

Section 14.3

If the discipline of an employee results from conduct relating to a patient and the patient does not appear at the arbitration, the arbitrator shall not consider the failure of the client to appear as prejudicial.

Section 14.4

The term "patient" for the purposes of this Agreement shall include those seeking service and those seeking care or treatment by the Agency.

Section 14.5

When there is the possibility of disciplinary action as the result of an accusation made by a patient or the patient's family, prior to such discipline being taken (i) the patient shall be interviewed in the employee's presence by the employee's supervisor, or (ii) if the Union and the Agency agree, the patient shall be interviewed by a neutral third party selected by the Agency and the Union.

Section 14.6

The Agency will notify the Union in writing by registered or certified mail of any discharge or suspension within forty-eight (48) hours from the time such discipline is imposed.

Section 14.7

An employee shall be advised that discipline is being considered as promptly as is reasonably possible after the action warranting such discipline is known by the Agency. When discipline is imposed, an employee may have present a Union delegate or, if a Union delegate is not available, any other Union member who is available at the time, provided that failure of the Union delegate or other Union member to be present shall not result in the reversal or other modification of any discipline or discharge which would have been sustained in the absence of this section.

ARTICLE 15 - RESIGNATION

Section 15.1

An employee who resigns shall give written notice which must be received by the Agency's Human Resources Director at least two (2) weeks in advance. The Agency shall determine whether the employee will work all or part of the notification period, but the employee shall be paid for that time if the Agency determines that the employee shall not work.

Section 15.2

An employee who gives notice of resignation, as provided above, or who is laid-off, shall be entitled to receive payment for unused vacation time accrued on the effective date of the resignation or termination. In addition he/she shall receive compensation for personal days which he/she has earned but not taken and regular holidays worked by the employee for which he/she was not compensated as provided in this Agreement. If notice is not given as provided above, an employee shall not be entitled to such payment.

ARTICLE 16 - NO STRIKE OR LOCKOUT

Section 16.1

No employee shall engage in any strike, sit-down, sit-in, slowdown, cessation or stoppage or interruption of work, boycott, or other interference with the operations of the Agency.

Section 16.2

The Union, its officers, agents, representatives and members, shall not in any way, directly or indirectly, authorize, assist, encourage, participate in or sanction any strike, sit-down, sit-in, slowdown, cessation or stoppage or interruption of work, boycott, or other interference with the operations of the Agency, or ratify, condone or lend support to any such conduct or action.

Section 16.3

In addition to any other liability, remedy or right provided by applicable law or statute, should a strike, sitdown, sit-in, slow-down, cessation or stoppage or interruption of work, boycott, or other interference with the operations of the Agency occur, the Union, within twenty-four (24) hours of a request by the Agency, shall:

- (a) Publicly disavow such action by the employees;
- (b) Advise the Agency in writing that such action by employees has not been called or sanctioned by the Union;
- (c) Notify employees of its disapproval of such action and instruct such employees to cease such action and return to work immediately; and

ARTICLE 17 - UNPAID LEAVE

Section 17.1

Medical Leave.

- (a) A regular full-time employee who has completed his/her probationary period may be granted leave without pay for up to six (6) calendar months provided he/she provides appropriate medical verification to the Human Resources Director that such illness or disability prevents him/her from working. Any employee receiving Workers' Compensation benefits may extend his/her medical leave for up to an additional six (6) months provided he/she provides appropriate medical verification to the Human Resources Director.
- (b) If an employee has knowledge of an anticipated extended medical leave, he/she must give immediate notice to his/her supervisor upon learning that he/she will be required to take such leave and the anticipated length of such leave.
- (c) An employee returning from medical leave must provide medical certification that he/she is able to resume work and can perform the essential functions of the job.
- (d) Where this Section requires suitable medical certification, the Agency, in its discretion, also may require the employee to be examined by a physician chosen by the Agency. The Agency will bear the costs of such examination.
- (e) An employee will continue to accrue seniority during a medical leave of absence.

Section 17.2

Family and Medical Leave.

(a) The Agency is a covered employer under the Family and Medical Leave Act of 1993, as amended (“FMLA”). The FMLA entitles eligible employees to a maximum of 12 weeks per year of unpaid leave for specific FMLA-qualifying reasons, or 26 weeks in the event the leave is taken for qualifying reasons to care for a covered service member as defined in the FMLA. The Agency will remain compliant with applicable law and regulations for FMLA, including necessary postings and notices. The 12-month period for determining FMLA eligibility is a rolling 12-month period, measured backwards from the date the employee’s requested leave would commence.

(b) Employees are eligible if they have worked for VNA for at least 12 months, have 1,250 hours of service in the previous 12 months, and if they work in (or out of) a location where at least 50 employees are employed by VNA within 75 miles.

(c) Eligible employees whose spouse, son, daughter, or parent is on covered active duty or is called to active duty status may use their 12-week leave entitlement to address qualifying exigencies, which may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

(d) Subsequent to returning from FMLA leave, most employees are restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

(e) Employees may take FMLA leave intermittently; however, employees are required to make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the Agency’s operations.

(f) Employees on FMLA leave are entitled to maintain coverage under the Agency’s group health plan under the same terms and conditions as employees who are not on leave.

(g) An employee will continue to accrue seniority during FMLA leave. An employee shall not be entitled to earn holiday pay, nor to accrue sick leave or vacation time during any unpaid portion of FMLA leave.

(h) Employees will be required to substitute any family, medical, or childrearing leave time permitted under any other family, medical, or childrearing leave plans set forth in this Agreement for FMLA leave. Employees must use all applicable accrued paid benefit time (subject to the 5 and 10 day limitations in the second sentence of Section 17.9) when the FMLA leave commences.

Section 17.3

Military Leave. Leaves of absence for the performance of active or reserve duty with the United States Armed Forces shall be granted in accordance with applicable law. Leaves of absence to care for a “covered service member” or due to any “qualifying exigency” as those terms are defined under the FMLA will be granted in accordance with the FMLA.

Section 17.4

Educational Leave. The Agency strongly supports the concept of employees continuing their education in areas related to the home health field. Educational leave will be granted at the sole discretion of the Agency after the completion of one year of employment for a period not to exceed one academic year. The Agency will make every effort to grant such leave. The employee must provide documentation of acceptance to a university, college, or technical program which he/she is planning to attend. At the commencement of his/her leave, the employee may request payment for all earned, unused vacation and holiday time. Seniority will not accrue for an employee on an educational leave, but will continue if and when he/she returns to work.

Section 17.5

Childrearing Leave.

(a) An employee shall notify the Agency as soon as possible of her expected date of delivery. An employee will not be required to commence childbearing leave prior to childbirth. If such employee desires to work during her eighth (8th) and ninth (9th) months of pregnancy, however, she may be required to furnish suitable medical certification that she is able to continue to work and that she can perform the essential functions of her job.

(b) Childbearing leave will be granted for all employees for a period of up to six (6) months commencing not later than the birth of the child, and can be extended for up to an additional six (6) months in accordance with Section 17.11.

(c) An employee will continue to accrue seniority for no more than six (6) months of childbearing leave.

Section 17.6

Other Unpaid Leaves. Other unpaid leaves may be granted in the discretion of the Agency. Such leaves shall not exceed three (3) months.

Section 17.7

While on an unpaid leave of absence, an employee shall not be entitled to earn holiday pay, nor to accrue sick leave, vacation time, or seniority except as set forth in this Article and Section 6.5. An employee who returns to work from an unpaid leave of absence will be reinstated to his/her former position or to a comparable position as determined by the Agency. If the employee returns on the date designated at the beginning of his/her approved leave and

desires to work in the same location and scheduled hours as when he/she left but cannot be immediately accommodated because his/her former position and location is currently occupied by a person with less classification seniority, the Agency will arrange for him/her to return to his/her former position and location no later than one month after return. In every other case, the Agency will make every effort to return the employee to his/her same office.

Section 17.8

The Agency shall maintain life insurance benefits for all employees on unpaid leave. The employee shall also have the option to continue to be covered under the Agency's hospitalization and major medical policies by submitting to the Agency on a monthly basis the cost incurred by the Agency to cover an employee under such plans. If an employee exercises this option but fails to make the required payments promptly, such coverage will cease immediately.

Section 17.9

All leaves, including paid time off, may be taken consecutively as provided elsewhere in this Agreement. During the leave(s) employees must use any available sick bank days in excess of 5 and any available vacation bank days in excess of 10 that accrued prior to the date the leave commenced. Subject to the preceding requirement, employees shall not be required, but shall have the option, to use accrued vacation or personal days before commencing leaves of absence, provided the provisions of Section 19.7 and 22.7 are followed; and shall, in addition, have the option to use sick leave prior to commencing or during medical or childbearing leave, provided the employee is disabled. Paid days accruing during the leave as and to the extent provided elsewhere in this Agreement, may be retained for use after the conclusion of the leave. This does not change the purposes for which leave time may be taken, i.e. sick leave may only be used for the employee's own illness.

Section 17.10

An employee on unpaid leave of absence shall contact his/her immediate supervisor at least two (2) weeks before the anticipated return date. In the event that an employee will not return to work at the expiration of his/her leave he/she shall notify his/her supervisor at least two (2) weeks prior to the expiration of the leave period, if physically able to do so.

Section 17.11

If an employee takes a leave of absence for less than the maximum time permitted by this Article, such leave can be extended, in the discretion of the Agency, by following the procedure below:

- (a) The employee shall request an extension in a letter addressed to the Human Resources Director. The letter must state the reason for the extension, and the expected date of return.
- (b) The Human Resources Director will review the request with the employee's supervisor.

(c) If in the opinion of the Agency such leave can be extended, the Human Resources Director will inform the employee of the decision. Requests for an extension of leave in accordance with this Section shall not be unreasonably denied.

ARTICLE 18 - PAID LEAVE

A regular employee shall be eligible for a leave of absence with pay for a maximum of three (3) consecutively scheduled work days following the death of a member of his/her “immediate family”. In the event of the death of any other person permanently residing in the employee’s household or other close relative, the employee shall be entitled to one (1) day of paid leave for the purpose of attending the funeral. The Agency may require a copy of the death notice or other proof.

Section 18.2

Jury Duty. A regular employee who serves on jury duty shall be compensated by the Agency in the amount of the difference between his regular rate for the regularly scheduled work days lost and the amount received as juror’s fees, provided, he/she is prepared to offer valid proof of such jury duty and the amount received as juror’s fees upon request of the Agency, and, provided further, that receipt of notice to report for jury duty must be reported immediately to the employee’s immediate supervisor. The Agency may request that the employee be excused or exempted from such jury duty if, in the opinion of the Agency, the employee’s services are essential at the time of proposed jury duty.

Section 18.3

Reserve Duty. An employee in the Reserves shall be reimbursed for the difference between his/her military pay and his/her regular pay for up to ten (10) days per year. Proof of the requirement to attend Reserve duty and attendance at such duty shall be furnished to the Agency if requested.

Section 18.4

Seniority and benefits will continue to accrue during all paid leaves of absence.

Section 20.6

Such supervisory permission will not be unreasonably denied. An employee must speak directly with a supervisor when calling in. In the event that an employee is hospitalized, he/she must only notify his/her supervisor when he/she is admitted to and is discharged from the hospital and of the probable length of the hospitalization.

Section 20.7

The Agency reserves the right to have the employee examined by a doctor of the Agency's choosing at the Agency's expense and/or, after an absence of more than three (3) days, to require a doctor's certificate from the employee to verify an employee's illness or to certify that the employee is physically fit to return to work in order for an employee to receive sick leave.

ARTICLE 21 - LIGHT DUTY

Notwithstanding any other provision of this Agreement, the following principles shall apply to an employee on Workers' Compensation leave.

Section 21.1

The Agency may establish a light duty work program designed to provide temporary opportunity to those employees who are unable to perform their normal work assignments due to an on-the-job injury. Recognizing that a transitional return-to-work program offering both physical and mental therapeutic benefits will accelerate the rehabilitative process of an injured employee, light duty work programs are intended to enhance workers' compensation benefits and are not to be utilized as a method to take advantage of an employee who has sustained an on-the-job injury.

Section 21.2

Implementation of a light duty work program shall be at the Agency's option and shall be in strict compliance with applicable workers' compensation statutes. Refusal by an employee to accept light duty work, where that employee is otherwise entitled to workers' compensation benefits, may result in a loss or reduction of such benefits as specifically provided by the provisions of applicable law. Employees who work light duty assignments shall continue to be eligible to receive workers' compensation benefits as well as other entitlements to the extent permitted by law.

Section 21.3

The Agency can require such employee to perform light duty work, whether or not in the employee's job classification, and whether or not bargaining unit work, during all or a portion of the employee's workers' compensation leave from the commencement of the leave if the employee is unable to perform his/her normal work but is cleared by the employee's or the Agency's physician for light duty work. The availability of any light duty work assignment shall be determined by the Agency in its sole discretion.

Section 21.4

A light duty assignment shall not grant an employee any additional rights to that or any other position.

Section 21.5

While absent from work on workers' compensation leave or where light duty work is not made available, an employee shall not accrue vacation, sick, personal or other service-related

benefits. An employee who returns to light duty work from workers' compensation leave shall be entitled to resume accruing vacation, sick, personal and other service-related benefits of the employee's regular job proportionate to the hours worked.

Section 21.6

While assigned to light duty work, the employee will receive full pay and will be required to work full time. Re: Caseloads

Dear Mr. Gould:

This letter will reconfirm our understanding that in the absence of a documented disability where an accommodation may be necessary, all clinical staff will be expected to carry full caseloads. The parties recognize that caseloads and case assignments must take into account many factors such as, but not limited to, geography, patient groupings and scope of service. The parties further agree there is no binding past practice under which an employee is entitled to a consistently lighter caseload as a result of the method of transportation selected by the employee to reach patients.

If the foregoing accurately sets forth our understanding, please countersign this letter below in the space provided.

Re: Productivity

Dear Mr. Gould:

This letter addresses our ongoing concerns regarding the productivity of employees of the Visiting Nurse Association of Greater Philadelphia (the VNA). On January 11, 2006, I sent you a letter which in relevant part set forth certain understandings regarding productivity goals of the VNA for RN's working in its Managed Care Division (MCD), which following the receipt of training was to reach at least 35 visits per 37.5 hour week. After the conclusion of negotiations in 2006, I also sent you a letter, dated May 1, 2006, which set forth certain understandings reached regarding productivity goals of the VNA for RN's working in its Traditional Services Division (TSD). That goal, expressed as an average level of visits per week completed by full time RN's, was 27.5 to 30 visits per week measured over a rolling twelve week period.

In my earlier correspondence, I acknowledged that our goals were dynamic ones, which may be adjusted by the VNA either up or down to take into consideration any one of a number of factors which may impact the number of visits nurses may reasonably be able to complete. The earlier correspondence further recognized that there may be factors associated with an individual nurse's duties or assignments which must be taken into consideration in evaluating her or his productivity as measured in visits per day or per week.

The purpose of this letter is to update and restate the VNA's continuing goal of achieving efficient performance from all of our employees. I want to note that since the signing of the 2006 letters, the length of the normal workweek has increased for our clinical staff from 37.5 to 40 hours per week, and therefore, our goals for productivity have risen accordingly. In addition, although our earlier correspondence dealt specifically with RN's, we have similar expectations for our other clinical staff as well. Using a measure of a rolling 12 week period in all cases, we now expect our clinical staff to meet the following average number of visits:

RN's in TSD	6.0 to 6.5 visits per day
RN's in MCD	6.5 to 7.0 visits per day

RN's regularly working Friday/
Saturday/ Sunday or Saturday/
Sunday/Monday schedules 10 visits per week

RN's regularly working Saturday/
Sunday schedules 7 visits per week

LPN's (TSD and MCD) 7 visits per day

Home Health Aides (TSD and MCD) 6 visits per day

It is my understanding based on our recent negotiations that the Union continues to recognize the right of the VNA to establish the above productivity goals, and to adjust them from time to time based on factors which may impact the pace with which our employees can complete visits providing quality care and complete required documentation. The home health care industry is a dynamic one, affected by changing regulations, reimbursement methods and technology, all of which impact on the way in which RN's, LPN's and Home Health Aides approach their jobs. Obviously, all of the above may have an impact on the number of visits which can or should be completed in a given period of time.

The VNA shares with the Union, the belief, that although we may at times take steps, including discipline, to increase an employee's productivity, any discipline must meet a just cause standard. The VNA also recognizes that factors which may affect an individual employee's productivity include, but are not limited to, the types and complexity of cases, the geographic dispersal of assignments and the number of case openings in such employee's assignment. The Union acknowledges that because productivity is measured over a twelve week period, some variation in such factors already has been taken into account in the establishment of productivity goals.

If the forgoing accurately sets forth our understanding, please countersign in the space provided.

Very truly yours,

Re: Home Health Patient Satisfaction and Outcomes Bonus Program

Dear Mr. Hundzyski:

As the home health industry is moving towards a value based system of reimbursement, it is incumbent on all those who are involved in the delivery of service to focus their efforts on meeting the criteria with which the Centers for Medicare and Medicaid Services (CMS) use as tools to pay providers. We have identified two areas in which VNA would be willing to pay bonuses to eligible employees if certain targets are achieved. This letter describes the program.

In general, CMS evaluates various criteria, including patient satisfaction and patient outcomes, on rolling 12-month cycles. CMS issues its results quarterly, approximately six months after the 12-month cycle has been completed. Thus, the results for the 12-month period from 10-1-15 through 9-30-16 were made available in April 2017, and the 1-1-16 through 12-31-16 results should be made available in July 2017.

Home Health Patient Satisfaction Bonus

This survey tool evaluates five different measures of patient satisfaction. For the most recent reporting period, VNA achieved a “Star Rating” of 3.0. Our immediate goal is to achieve a Star Rating of 4.0. For each quarter in which VNA achieves a Star Rating of 4.0 or higher, a bonus of \$250 will be paid to each bargaining unit member who was actively employed by VNA during the entire 12-month measurement cycle and who remains employed as of the pay period in which the bonus is paid. Thus, the maximum number of bonus payments any employee could earn in a year is four (one for each quarter in which the Star Rating of 4.0 or above has been achieved). When bonuses have been achieved, they will be paid by the second pay period after release of the CMS report. Employees who are on leave of absence for more than 90 days during the applicable 12-month cycle will be eligible on a pro-rated basis.

Home Health Outcomes Bonus

This survey tool evaluates five different measures of patient outcomes. For the most recent reporting period, VNA achieved a “Star Rating” of 3.0. Our immediate goal is to achieve a Star Rating of 4.0. The 12-month cycles and reporting periods are the same as are used by CMS for its patient satisfaction survey. For each quarter in which VNA achieves a Star Rating of 4.0 or higher, a bonus of \$150 will be paid to each bargaining unit member who is part of the clinical team, who was actively employed by VNA during the entire 12-month measurement cycle and who remains employed as of the pay period in which the bonus is paid. Thus, eligibility is limited to those in Grades 10, 11 and 12. The maximum number of bonus payments any clinical

employee could earn in a year is four (one for each quarter in which the Star Rating of 4.0 or above has been achieved). When bonuses have been achieved, they will be paid by the second pay period after release of the CMS report. Employees who are on leave of absence for more than 90 days during the applicable 12-month cycle will be eligible on a pro-rated basis. A clinical employee in Grades 10, 11 and 12 may earn both a Patient Satisfaction Bonus and an Outcomes Bonus for the same reporting period.

Effective and Expiration Dates

The first 12-month cycle being measured will be for the period commencing July 1, 2017 and ending June 30, 2018. VNA in its sole and absolute discretion may end part or all of this Bonus Program by notifying the Union of that fact. However, in the event of such termination, VNA will pay out any bonuses earned for the 12-month periods ending prior to the date of notification. For example, if VNA were to give notice of termination on 10-15-18, it still would pay bonuses earned for the 12-month periods up to and including 10-1-17 through 9-30-18.

The parties recognize that CMS controls the metrics used in its evaluations, and that those metrics or reporting methods may be modified or deleted by CMS in the future. In the event of a substantive change by CMS, the parties will discuss whether this Bonus Program should be modified, but failing agreement on any such modifications, VNA retains the right to terminate the Bonus Program.

If this letter accurately sets forth your understanding of the Bonus Program and you agree to its implementation, please sign, date and return to me a copy of this letter.

Sincerely,

AGREED TO AND ACCEPTED:

Re: Nurse and Therapy Caseloads

Dear Mr. Grubb:

This letter will confirm our understanding that VNA will continue to utilize the following visit patterns when scheduling employees' visits:

1. 1 SOC and 4 Revisits
2. 1 ROC, 1 RECERT, and 1 Revisit or Eval
3. 6 Revisits
4. 2 SOC and 2 Revisits
5. 3 SOC's
6. 4 Evals and 1 SOC
7. 2 Evals and 4 Revisits
8. 6 Evals
9. 3 Evals and 3 Revisits

SOC = Start of Care

ROC = Resumption of Care

RECERT = Recertification

The Agency retains the right to modify the visit patterns based on the parties' experience working pursuant to the framework established in this sideletter. In addition, the Agency may modify or discontinue the types of visits described in this letter (SOC, ROC, etc.) or introduce new types of visits in the future. The Agency will provide notice to the Union if it modifies the visit patterns, modifies or discontinues an existing type of visit, or introduces a new type of visit.

The parties agree that scheduling of visits shall be governed by the following rules:

1. Employees must report to their assigned scheduler by telephone/email by 1:00 p.m. regarding any visits for the following day that they know cannot be completed and must be returned to the schedule to be reassigned to another employee. For weekend visits, employees must complete this task by 1:00 pm on Thursday prior to the weekend.
2. Employees must report by telephone/email to their assigned scheduler by 10:00 am to inform the scheduler of their confirmed visits for the rest of the day.

3. Employees must immediately report to their assigned scheduler or manager any cancellations or adjustments to their schedules by telephone or email. SOC/ROC visits must be communicated by phone. This includes “returning” visits to the scheduler that have been assigned to Employees.
4. The Agency will notify employees of additional visits that exceed any of the foregoing visit patterns by 12:00 noon by telephone and discuss the visit with the employee, as well as the employee’s workday for the remainder of the day.
5. After 12:00 noon, the Agency will only assign additional visits that exceed any of the foregoing visit patterns by mutual agreement with the employee following a good faith discussion between the employee and the scheduler, unless the contemplated visit is an emergency. Emergency visits triaged by the manager may include, but are not limited to, catheters, IVs, enteral feedings, and trachs. During the good faith discussions, the employee must work in good faith with the scheduler to triage the order of visits for the day and determine whether the additional visit can be included in the employee’s schedule.

In addition, the parties agree to meet and discuss within 30 days of the execution and ratification of a final agreement regarding the smart scheduling program.
